

Student Prize

This year's RAI student prize has been jointly won by Genevieve Blanchett (BArch 3rd year) and Jennifer van den Bussche (Deakin University) for their work *people places situations: responses(pps:r)*. Conceived and curated by Genevieve and produced by Jennifer, the exhibition involved contributions from a wide range of students across Australia and in Vancouver, Canada. *pps:r* opened here at the Faculty during Australian Refugees Week in October 2005. Under the auspices of, and in collaboration with Global Studio, *pps:r* was also shown at the United Nations World Urban Forum in Vancouver. *pps:r* presented multidisciplinary, creative and design responses to the international refugee crisis through architecture, photojournalism, theatre, protest, film, fine art and literature. The prize recognises Genevieve and Jennifer's outstanding leadership and vision in taking this exhibiton from concept to reality.

Congratulations!!!!
